

Purpose

The Girls Work Resource Unit is part of the Training and Resource Unit of the Lancashire Youth and Community Service which was created in 1989 to provide the service with

- Initial Training for part-time Youth and Community Workers
- In-Service training for full and part-time workers
- A comprehensive resource base
- The ability to respond rapidly and effectively to identified training needs
- A source of innovative curriculum enrichment
- An additional means of promoting equal opportunities

The Unit is also able to provide consultancy services to other agencies. Please contact us for details.

Meeting Needs

Once needs have been identified, the most appropriate means of satisfying them is agreed in discussion between the client and the Unit staff and the most effective, efficient and economic solution is agreed.

Principles into Practice

The Unit endeavours to ensure that in all the training it provides there is equality of access and opportunity, and that it counters all forms of discrimination based on ethnicity, gender, religion, age, sexual orientation or status.
